

# 2025 EDUCATION SEMINAR SCHEDULE

ABOUT OUR TRAININGS

Loba-Wakol provides top-notch technical training opportunities. Technical Training Seminars provide classroom and hands-on training where attendees work directly with LOBA and WAKOL high-performance products, as well learn the evaluation of subfloor and flooring, proper substrate preparation and the newest installation techniques for wood as well as for resilient flooring.

You will return to your jobsite with the latest knowledge and skills necessary to increase job efficiency and maximize profits for your company in order to safeguard your success in this competitive world.

## LOBA SAND & STAIN:

This is an intensive course where all students will actively use multiple types of sanding equipment to help understand sanding sequences, differences in sand-paper minerals, how to apply stain and perform touch-ups, and application of sealers. Bring your work clothes. (3-day course)

Feb. 18-20, 2025 (Wadesboro, NC) | Oct. 7-9, 2025 (Wadesboro, NC) | Nov. 7-9, 2025 (Wadesboro, NC)

## LOBA WAKOL NORTH AMERICA & LAGLER:

This course provides the fundamentals of subfloor prep, Wakol moisture mitigation and adhesive application, equipment operation, Lägler PST sanding techniques, and an understanding of LOBA water-based finish systems and application. (3-day course)

Jan. 7-9, 2025 (Minnesota) | Feb. 25-27, 2025 (Wadesboro, NC) | Jun. 3-5, 2025 (Wadesboro, NC)

## LOBA WAKOL NORTH AMERICA CONNECTED SYSTEMS:

This comprehensive hands-on course offers a "systems approach" education with WAKOL prep and installation solutions followed by LOBA sanding, coloring, and finishing systems. (3-day course)

Mar. 11-13, 2025 (Portuguese Only - Wadesboro, NC) | May 13-15 (Wadesboro, NC) | Sep. 23-25, 2025 (Wadesboro, NC)

## WAKOL SUBSTRATE PREP, UNDERLAYMENT & RESILIENT INSTALL:

In partnership NAFCT, WAKOL offers this two-part certification training. Part 1 is Substrate Preparation training and certification testing (with NAFCT membership), and Part 2 is Modular Resilient Installation and certification testing (with NAFCT membership). For NAFCT membership go to [www.nafct.com](http://www.nafct.com). (3-day course)

Feb. 4-6, 2025 (Wadesboro, NC) | Oct. 21-23, 2025 (Wadesboro, NC) | Nov. 21-23, 2025 (Wadesboro, NC)

## LOBA WAKOL NORTH AMERICA ESSENTIALS REGIONAL TRAINING:

This "essentials" course is designed to give you an introductory knowledge of both LOBA and WAKOL systems that you can easily implement into your projects. This course will help build a foundation for more "in-depth" trainings at LOBA-Wakol headquarters. (2-day course)
